

GTYQ-DX401 Temperature, humidity and light detector

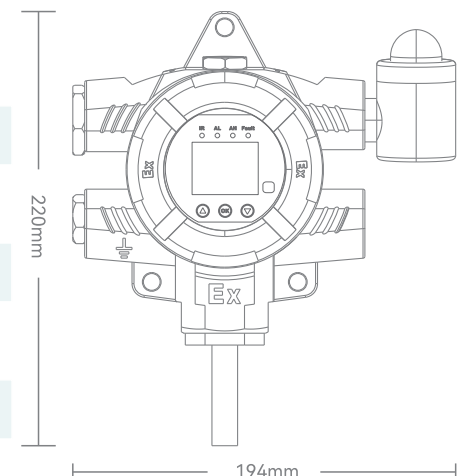

Product Features

- ◆ User-friendly GUI operation interface; ◆ Color LCD display;
- ◆ Adopts advanced micro-power technology sensor; ◆ Standard Rs485 output;
- ◆ It has the function of LCD on-site display of temperature, humidity and light values, so that on-site staff can understand the situation in time;

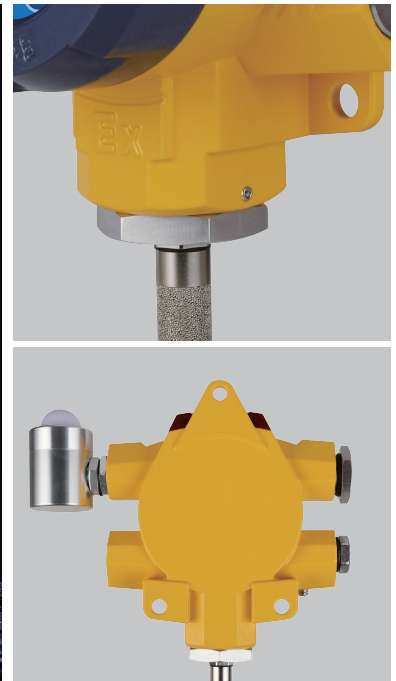

Technical Parameters

Installation method	wall-mounted	Working voltage	DC(24 ±3.6)V	Working pressure	86 ~ 106kPa
Gas type	temperature	humidity	light		
Measurement range	-20°C~70°C	(0~100)%RH	0-65000		
Product size	220*194*93mm	Shell material	die-cast aluminum	Product weight	≈1.6kg
Protection level	IP66	Explosion-proof mark	Ex db IIC T6 Gb/Ex tb IIIC T80°C Db
